MEMORANDUM FOR: Chief, FI/Division D**ATTENTION :**

25X1

SUBJECT : Fabrication of Special Hose

1. Reference is made to FI/Division D memorandum dated 23 June 1959, subject as above, requesting TSS/ED to have a length of hose fabricated for a special application.

2. The purpose of this memorandum is to inform you of the action taken to date. On 30 June 1959 [redacted]

25X1

25X1

[redacted] TSS, met to discuss the subject requirement as well as the over-all problem. The hose requirement was finalized subject to a few tests. It has been decided that TSL will accomplish this work rather than an outside contractor. They are presently working on many other aspects of the over-all problem and have the capability to satisfy this requirement in coordination with the other requirements placed on them by your office. Component parts have been ordered and assembly will start when they are received.

3. TSS/Engineering Division will continue to technically assist TSL in satisfying this requirement. Should you have any questions about this arrangement or need any further information, please do not hesitate to contact this office.

Wait This is the
argument I was down
to TSC on yesterday, I
would like to discuss this
with you.

Andy - what's the
latest on this? 2 July 59
